

DOUBLE-DIGIT SAVINGS FOR MEMBERS ON EVERYDAY PRODUCTS AND SERVICES

We know that operating more efficiently while reducing costs is your top priority. As a network of independently owned and managed facilities, Western Healthcare Alliance (WHA) members have access to programs not otherwise available to stand-alone facilities. WHA partners with Premier to bring members a robust non-acute portfolio. Through a partnership with Adventist Health and Henry Schein Medical, this program provides contract access to medical/surgical supplies, pharmaceuticals, laboratory supplies, and equipment specifically for non-acute facilities.

The WHA non-acute GPO program can help members balance supply costs and simplify their ordering process. Adventist Health provides back office support to assure pricing connectivity and integrity. Henry Schein Medical provides one to two day order delivery while confirming pricing accuracy for Premier contracted products.
