

SPECIALIZED SERVICES FOR
RURAL AND COMMUNITY HOSPITALS

We are aware of the challenges rural healthcare leaders have with limited resources and lean infrastructures, which can make comprehensive revenue cycle management challenging and costly.

AR Services provides cost-effective operations, improved cash flow, decreased denials, reduction of days in accounts receivable with reporting and consistent communication. We work within your existing billing infrastructure to provide your facility comprehensive Revenue Cycle Management, providing patient-friendly, knowledgeable staff who specialize in rural and community hospitals and clinics.

Our services include complete and streamlined eligibility verification, medical billing, A/R follow-up, and payment posting.

Services include:

- Commercial billing and follow-up
- Government billing and follow-up (Medicare, Medicaid, Medi-Cal)
- Claims edit scrubbing
- Cash posting
- Eligibility verification
- A/R follow-up
- Credentialing
- Remote coding
- Prior-Authorizations
