

WESTERN HEALTHCARE ALLIANCE

MEMBERS COLLABORATING FOR SOLUTIONS

As healthcare leaders, who do you turn to when you need help, advice or just want to kick around some new ideas? Who do you ask about experiences with a particular vendor or consultant? It's important to realize that you are not alone in the obstacles you face on a day-to-day basis.

WHA PEER NETWORKS

“If you want to go fast, go alone. If you want to go far, go together.”

- African Proverb

Western Healthcare Alliance’s (WHA) Peer Networks provide a circle of peers with whom you can share ideas, experiences, fears, concerns, successes, and much more. Members feel safe to express themselves in a safe environment where they are not judged, and peers are there to support each other. Made up of peers just like you, your peer network consists of others in your role who can relate to your situation.

WHA’s Peer Networks also offer a platform to create solutions and programs that can help your organization save money and improve efficiencies. You don’t have to sift through everything on your own, your peers are here to help!
