

Rural-focused Provider Staffing

Supporting Rural
& Remote Areas

Western Healthcare Alliance (WHA) has partnered with Wilderness Medical Staffing (WMS) to provide rural-focused permanent placement and locum tenens healthcare staff, including physicians, physician assistants, and nurse practitioners, to members.

Many rural healthcare facilities struggle to find good medical providers. At WMS, they use their unique network of medical providers to find the right person for the job, so you can stop worrying about staffing issues and have more time to focus on your mission.

Why work with Wilderness Medical Staffing?

Experience

WMS's internal team is made up of highly experienced professionals who have worked in the medical and staffing industries for over 200 combined years, each with a passion for rural health. They use their experience to help create solutions for your unique situation.

Expanse

Whether you need a clinic provider or an experienced solo emergency provider, WMS is ready to help you succeed. They excel at supporting a wide variety of clients and actively work with over 200 hospitals and clinics.

Expertise

Highly screened for experience, culture, and adaptability to austere conditions, WMS healthcare providers come from all over the US with a passion for providing meaningful medicine to deserving rural and remote communities.

Permanent Placement Highlights

Finding the right physician for your rural facility can be challenging and we're here to help. Whether you're seeking coverage in Family Medicine, Internal Medicine, Emergency Medicine, Pediatrics, OB/GYN, or General Surgery, our permanent placement services are designed to connect you with qualified, committed providers who are a strong fit for your community.

You'll work directly with a dedicated recruiter who brings over 20 years of in-house hospital system recruiting experience, serving as a valuable resource to help you build a robust healthcare team. With our no-obligation agreement, you only pay when we successfully make a placement.

When you're facing medical staff shortages, you deserve a simple, straightforward solution. That's why WMS has made the staffing process as easy as one, two, three.

1 Make a Request

Contact WMS's Business Development Director, Derek Fasano at 509.472.0889, with your staffing needs.

2 Get Matched

You'll be matched with excellent providers to fill your open positions.

3 Peace of Mind

In no time, experienced providers will arrive, do amazing work, and help you fulfill your mission.
