

Leadership Academy Instructor Application

Interested in Teaching?

Do you have a passion for sharing your knowledge with others?

WHA is looking for qualified instructors to teach our Leadership Academy courses.

WHA's Leadership Academy focuses on different areas geared toward improving performance and motivating staff to be the best they can be. Leadership Academy is a combination of free one-hour courses over the lunch hour, as well as longer multi-day courses for a fee. Instructors for the free one-hour courses are not paid and are usually taught by WHA members who want to share their knowledge.

We are always accepting instructor applications for Leadership Academy. If you have a topic you feel would resonate with our members, please apply.
